Alcohol is a general term denoting of organic chemicals with common properties and members of family includes ethanol, methanol, isopropanol and others. Case study shows that increased alcoholic deaths occurs globally and alcoholic death as per 2001 statistics in US is 75,754. In UK 3.6% of total cancer cases caused by alcoholic drink. **WINE DIFFERS FROM ALCOHOL?...**

A patient when he consulted neighbor doctor for diabetic disease doctor advised the patient “**Don’t take sweet**” as the doctor is also **diabetic**. When he consulted for 2nd opinion with other doctor he advised ‘**Don’t take four Jangiri**’ instead you take **Two Jangiri** no problem. The patient was so happy saying that his neighbor doctor was **so jealousy**. But the patient forgotten to ask the doctor whether he can take **30 ml wine (or) 120 ml wine** for balanced health..

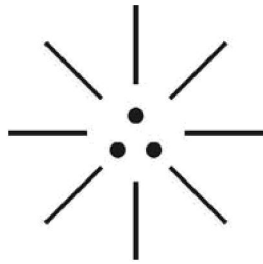

This scientific research focus that the **WHITE WINE** shall be considered as the **divine tonic** and distinguished from Arrack and Alcohol and free from organic elements like hydrogen, carbon, nitrogen, ozone (HCNO). In proto Indo Europe root word **WINE** shall be called as **MADHURAM (Athimathuram)**.

(ii)

மதுரம்
(Law of Wine)
(MANNA)

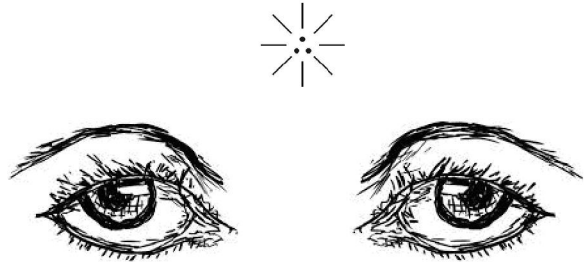

It is further focused that the whole **Cosmo universe** shall be considered as created by supernatural person called by name by author as **RAMANUJAM** who consider created everything through **MOTHER JANAKI (Soul)**. The philosophy of **RAMANUJAM, JANAKI (Soul)** shall be described as below.

2. **Wine is essential for life?...**

Case study shows that in all allopathic medicine contains low level alcohol say 3% to 4%. Scientists, doctors focus that alcohol content in the medicine is essential for promoting digestion and relaxation during the patient under treatment. Further in the present trend of life human used to take Idli, Chapati, Pongal, Biryani etc along with drinks like water, butter milk, fruit juice having low alcohol content.

It is hypothesized that human ancestor (Angels) when lived in supreior world (MARS Planet) shall be considered as taking organic free food **AMMUTHAM** (White cloud) along with organic free wine (unfermented) for relaxation and energetic function.

3. **Philosophy of “White Wine”?...**

It is hypothesized that “**WHITE WINE**” shall be considered as the natural product of **vine tree** (natural tree) having three-in-one cluster of **white grapes** (wild grapes) contains **Zero level Alcohol** having only fundamental particles **photon, Electron, Proton** and free from atomic elements like **HCNO**.

WHITE WINE
(Zero Alcoholic)

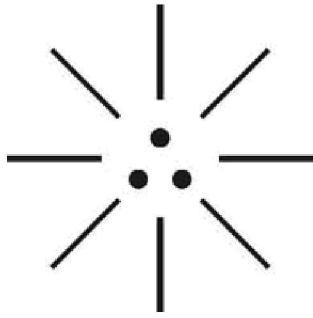

The philosophy of **white wine** shall be defined within the following scope.

- i) **White wine** shall mean exist under **Endothermic environment** and not Fermented.
- ii) **White wine** shall mean product of **white grapes** contains no organic matters like **HCNO**.
- iii) **White wine** shall mean **Divine Drink** having Zero alcohol consumed by Human ancestors.

4. Wine differs from Arrack?...

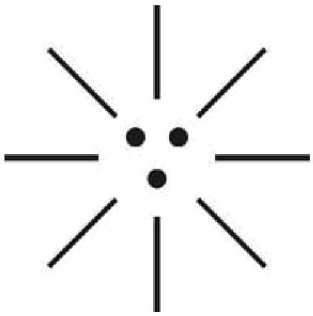

It is hypothesized that the philosophy of **WINE**, **ARRACK**, **ALCOHOL** shall be considered as having varied level of **fermentation qualities** under varied environmental conditions in **three nuclear age** in the expanding universe like **Blue Wine**, **Green Wine**, **Red Wine** due to varied nature of Grape qualities having varied nature of **pH value**, composition of organic matters. **Alcohol** shall mean highest level of Alcoholic content of HCNO elements.

5. Philosophy of "HOLY DRINK"?...

It is hypothesized that white wine shall be considered as the Holy drink made of unfermented white grape having Zero Alcoholic content. It is focused that the human Ancestor (Angel) shall be considered as Devas (Godly person) who lived in **MARS PLANET** considered took only white wine of Zero Alcoholic content and Holy food Ammutham. During the course of expanding universe the godly population (Ammutham) descended to **earth planet**. The earthly populations shall be called by author as **ARAKKAN (Arrack)**. ARAKKAN shall mean who drank of **higher alcoholic value**.

அமுதன்
(Holy Drink)

Devas (Godly person) shall mean who drink 'White Wine' (Divine Drink) having zero Alcoholic value of unfermented drink.

It is further focused that the philosophy of **varied quality of wine** shall be narrated as below for international understanding.

- i) **Manna** (Madhuram) is like **Muthamil**
- ii) **White Wine** is like **Kannithamil**
- iii) **Blue Wine** is like **Kodumthamil**
- iv) **Red Wine** is like **Senthamil**

*"Kanni Tamil" is like "White Wine" (zero alcoholic)
Tamil-Esai is like "Toddy" (low alcoholic)*

6. Human Blood contains Alcohol?...

Case study shows that blood of every human constantly produces alcohol i.e. 0.01 – 0.03mg / 100ml. It is hypothesized that human ancestors (Angel) shall be considered as having **alcohol free blood** having highly acidic value say 3.0pH. The human ancestor shall be considered as taking **WHITE WINE** just like water for regulation of pH value of blood system. During the course of time and expanding Universe the pH value of blood shall be considered as changed to 7.4 – 14 due to consumption of varied level of **ALCOHOLIC DRINK** in three generations of nuclear age.

7. Philosophy of "SLEEPLESS PERSON"?...

Case study shows that Alcohol has effect on central nervous system of human. American medical Association has defined the blood Alcohol Concentration level of impairment for all people to be 0.04 gms/100 milli liters of blood. Further various level also indicated as below:

- i. 0.01 – 0.05 - Normal Behavior
- ii. 0.18 – 0.30 - Confuse
- iii. 0.35 – 0.50 - Coma
- iv. 0.45 and above - Death

In day to day life human undergoes sleep as well as Awake. This may be due to natural secretion of Alcohol in human body. High level may lead to sleep mode and low level may lead to Awake. It is

hypothesized that this may be due Natural Secretion of Alcohol in human body.

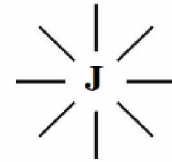

A sleepless person shall be considered as the state of zero Alcoholic level and considered as Devas (Godly person). Perfect happiness (Bliss) shall mean zero Alcoholic level. Varied happiness shall mean varied level of Alcoholic content in Blood.

In Biblical case study there is indication about 18 different words such as yayin, ionos, vinum, shekar, sobe etc. that all have been translated as Wine. Further during period of **NOAH** the quality of Grape might have had higher alcoholic content who began drinking of wine and become intoxicated and uncovered himself in the midst of his tent.

This scientific research focus that persons like **National leaders, MLAs, MPs** who are responsible for development of society and nation should be “**Sleepless**” (**Least Alcoholic content in the Blood**). It is suggested to **UNO** that in the future election system every candidate who contest in the Election shall be ensured “**minimum level of Alcoholic content in their blood**” and the minimum standard shall be specified for their qualification.

Further It is suggested that the local government may promote **TODDY** (low alcoholic content) to the specified level and all other higher alcoholic Arrack like Brandy, Whisky etc.
