Life Science Journal, Acta Zhengzhou University Overseas Edition, is an international journal with the purpose to enhance our natural and scientific knowledge dissemination in the world under the free publication principle. The journal is calling for papers from all who are associated with Zhengzhou University—home and abroad. Any valuable papers or reports that are related to life science are welcome. Other academic articles that are less relevant but are of high quality will also be considered and published. Papers submitted could be reviews, objective descriptions, research reports, opinions/debates, news, letters, and other types of writings. All publications of Life Science Journal are under vigorous peer-review. Let's work together to disseminate our research results and our opinions.
